

WHAT AN OPPORTUNITY!

Michael Gerber wrote a book called 'The E Myth' which stands for The Entrepreneurs Myth.

He says most entrepreneurs fail because they are too busy working **IN** their businesses and don't take time out to work **ON** their businesses.

Life before COVID19 was like that. The vast majority of us were lost **IN** the busy-ness of our lives.

We didn't think about working **ON** our lives unless something went wrong - sickness, divorce, life drama.

And **THEN** we paid attention to the things that **really mattered**.
Like health. Like vitality. Like **really** living.
Like love. For ourselves and others.

What is happening now is the **perfect opportunity** to stop, reflect and work **ON** your life and yourself.

This series of posters is designed to help you do just that!

Each week we will send you some things to help you connect with your heart... and others and to work **ON** some aspect of your life so **YOU CREATE** a life that brings **YOU** more joy...

Which you can then **share- and enhance others lives.**
